CYCLONE IN ALABAMA

Twenty-Five People Known Killed and Investigation Proceeds.

A NUMBER INJURED

A Part of Birmingham Wrecked, and Suburban Cities Suffer Loss of Life and Great Damage to Property Is Reported.

Birmingham, March 25.—The cyclone which swept over Jones valley, in which Birmingham is located, between 9 and 10 o'clock this morning resulted in immense damage to property and considerable loss of life. The number of dead is not yet definitely known but at 12:30 o'clock this afternoon is estimated at 25. Of these at least seven were killed at Irondale, about 15 in the city of Birmingham and others in suburban towns.

Among the known dead are the following:

Dr. G. C. Chapman.
Mrs. Robert J. Lowe, wife of chairman of the state Democratic committee and an infant son.

The 3-year-old daughter of B. E. Hudson.

Lizzie Glenn.
Carrie Henry.
Lizzie Goodloe.
Carrie Hudson.
Maggie Blevins.
J. Myro.

Fannie Steadmore.

A negro cook for B. B. Hudson.

Among the fatally injured are: Mrs. R. H. Thomas and Mrs. W. H. Thomas. The storm did the worst damage in the neighborhood of Avenues I and J, and from Tenth to Thirtieth streets, wrecking scores of buildings and creating terrible havoc.

The entire fire and police department turned out to render aid in taking the dead and injured from the debris.

At Pratt City many buildings were destroyed, and a number of people more or less injured.

Brighton and North Birmingham are more or less damaged.

The extent of the damage at Irondale is not yet known but it is stated seven people were killed.

Many negro cabins were wrecked and a number of people hurt.

The wind blew a fearful gale and the rain fell in enormous sheets.

Tore up Railway Track.

Chattanooga, March 25.—The hurricane which swept Alabama is reported to have struck the Chattanooga, Rome and Southern railroad near Lynville, Ga., a small station south of Rome, and destroyed several miles of the track. Neither that line or the Southern railway is able to get any information as to their trains, all wires being down. Southern officials state that all the wires on the Alabama Great Southern division are also down.

Objects to the Name.

St. Louis, March 25.—Mrs. Carrie Nation, the Kansas saloon smasher passed through here enroute to Cincinnati. While waiting for her train she visited a liquor establishment on Market street and vainly expostulated with the proprietor for daring to name his establishment after her. Mrs. Nation will meet her manager in Cincinnati and will proceed to Lexington, Ky., where she will lecture.

Boy Arrested for Murder.

Louisville, March 25.—Eddie Hoffman a small boy, was arrested here on the charge of murdering another boy by the name of Charles Callahan, by beating him with his fists. Hoffman says Callahan made some remarks about Hoffman's sister when she passed a crowd in which the boys were, and "I just thumped him." The boy died at the hospital.

Public Springs Dynamited.

Berkely Springs, W. Va., March 25.—The fine medicinal springs set aside over a century ago for the use of the public by Lord Fairfax was dynamited by unknown persons early Sunday morning. Controversy over the leasing of the springs to outsiders has caused ill feeling and the work of vandals is attributed to this.

The Shortage Grows.

Washington, March 25.—The comptroller of currency has received a report from the receiver in charge of the condition of the failed First National bank of Niles, Mich. The report will not be made made public at present, but it is stated the indications are that defalcation of the cashier will amount to about \$195,000.

Strike at Marseilles.

Marseilles, March 25.—The strike situation has undergone some change. There have been no further disorders, but more street cars are running, protected by police, the strikers quietly trying to influence the workers to join them and many factories are closed owing to the want of engineers.

A RIVER OF OIL.

Wreck of Oil Tank's Destroy Portion of a Town in New Jersey.

New York, March 25.—A river of flaming oil swept down upon the little village of Glen Gardener, N. J., while its inhabitants were asleep Sunday morning and reduced 11 buildings, stores and residences, to ashes. The conflagration was extraordinary in character and in its origin.

The village is in a valley along the line of the Jersey Central railroad. An immense freight train was coming east at 6:30 a. m. It was composed of a string of coal cars and 18 tank cars. High over the village the tracks of the railroad runs along the side of a mountain. They descend as they approach the village, but even the station is considerably above the main street which runs up to the depot at a steep incline.

A few miles west of the village, while coming down the incline around the mountain the train parted. The engineer on the forward part pulled open the throttle of the engine and tried to run away from the rear section which was increasing its speed every minute. He managed to keep clear of the racing cars until he got opposite the depot at Glen Gardener when the second section crashed into the first. The first section, composed of coal cars, was going at a high rate of speed and the forward car, one of the oil tanks of the runaway section, was hurled sideways across the tracks and the oil tank cars behind it were piled up on top of it. The crash caused the oil in one of the tank cars to explode and ignite and the terrific heat caused the other cars to explode one after the other, the incline running from the depot down to the main street acting as a sluice for the burning oil and it poured into the chief thoroughfare of the village, setting fire to everything it touched. Houses, fences, trees, shrubbery and barns were reduced to ashes in an incredibly short time.

The villagers, awakened by the explosions, rushed from the oncoming flood of blazing oil, carrying children in their arms. Some risked their lives to free horses, cows and dogs in out-buildings, but other unfortunate animals could not be reached in time and were burned.

Within five minutes after the explosion the flowing river of oil had reached the Masonic temple in the heart of the village and 10 minutes later that structure was enveloped in flames. Then building after building was all of them frames, took fire as the oil reached them and within half an hour an area 500 feet square was a mass of flames. The oil from the wrecked car also flowed down the incline that burned all the ties and twisted the tracks. The loss is estimated at from \$60,000 to \$74,000.

MUTILATED HERSELF.

Woman Inflicts Serious and Painful Injuries upon Herself.

Toledo, March 25.—Mrs. G. Brun-schneider, residing near the city limits, occupies a ward at St. Vincent's hospital and is in a serious condition as a result of horrible injuries self inflicted.

Armed with an ordinary pair of scissors, she cut off all toes of her left foot, both ears close to the head and about an inch of her nose. She then cut out a portion of her right cheek, inflicted five gashes in the left cheek and finally began on her arms. Beginning at the left forearm, she removed every vestige of skin, laying bare the muscles. She also lacerated the right arm in a horrible manner.

Nothing was known of the affair until her husband, who was absent Saturday night, returned home Sunday morning and found her in bed in a semi-conscious condition. A surgeon was called at once and she was taken to St. Vincent hospital. Her recovery is doubtful.

The woman is about 50 years of age. It is said she was temporarily insane on account of domestic troubles.

Postoffice Clerk Arrested.

New York, March 25.—Joseph A. Conlin, who was employed as a clerk in postoffice branch H on Lexington avenue until Feb. 22, when he disappeared with a mail pouch containing \$40,000 worth of government property in the shape of money money orders and stamps, has been brought back to this city in the custody of the postoffice inspectors. Conlin was traced by the inspectors across the country arrested on the Pacific slope.

Mistake That Cost a Life.

Emory, Tex., March 25.—Mistaken for wire cutter, for whom he was lying in wait, Lee Abercrombie, a member of one of the most prominent families in Rains county, was shot and shot and instantly killed while watching for wire cutters on the line of his brother's fence. He was shot by the sheriff who was with H. A. Abercrombie, a brother of the dead man. Neither knew the other was watching for wire cutters.

Blocked by Snow.

Lincoln, Neb., March 25.—Reports from Alliance and Ogallala Sunday night indicate that the Union Pacific and Burlington lines are blocked with snow. Three passenger trains are held at Ogallala and big drifts west of them.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

TUESDAY, MARCH 26, 1901.

The Eagle is authorized to announce

W. R. JOHNSTON
as a candidate for the office of alderman of the city of Bryan at the ensuing April election.

The Gould railroad interests are to be syndicated under a capital of \$300,000,000.

Mr. and Mrs. William Harrell of Nacogdoches county have been married 70 years, which is probably the world's record in matrimonial longevity. They are 91 and 90 years old respectively.

Secretary of Agriculture Wilson estimates that over \$6,000,000 worth of young live stock throughout the country was saved during 1900 by the prompt use of medicine for black leg sent out by the department. Information he has just received shows over 2,500,000 doses of vaccine were distributed by the department during the year.

In the event of Dr. Blunt's resignation as state health officer being accepted, Dr. Geo. R. Tabor of Brazos county has been urged by his friends to allow them to present his name for this important appointment, and while not an applicant, Dr. Tabor has signified that he would accept the appointment if tendered, and would appreciate the honor. Dr. Tabor has had ample experience as a physician and health officer to serve the state efficiently. In fact he has shown especial fitness for the work, and deserves this honor which the Eagle hopes will be conferred upon him. Among the leading men of the state who are interesting themselves in Dr. Tabor's behalf are Senator Bailey, Congressman Henry, Judge Storey and Judge Dinsmore.

Quality is of first importance in medicine.

QUALITY of the Drug or Chemical used in Prescription filling means everything--the success of the physician, the reputation of the druggist, the health of the patient

TONY TODARO KILLED.

Shot Down Early Sunday Morning by Rosa Schittino.

The usual quiet of the Sabbath day was rudely broken Sunday morning about 7:30 o'clock by pistol shots in front of Antonio Todaro's shoe shop in the Zennatti block on North Main street, and the crowd which soon collected found that Antonio Todaro had been shot and killed by Rosa Schittino, an Italian girl. It appears Todaro was shot twice in the back by the woman just as he was entering his place. The weapon used was a small double barreled derringer, one barrel above the other. After the shooting the woman fled towards the home of her father. Todaro it seems did not succumb at once, but it is alleged that he secured a pistol and came out on the sidewalk for a moment, and finally fell near the door upon entering his shop again. There were one or two eye witnesses to the tragedy, Mr. H. Marwisky being one of them. The young woman was arrested and lodged in jail. Her examining trial has been set for Friday. All the facts in the case have not been brought out, but it is asserted that Todaro was soon to be married to another woman and that jealousy was the cause of the killing. Todaro's funeral took place Monday evening from the Italian Catholic church and was attended by many of his countrymen. The deceased was 23 years old and was a native of Sicily, but had been in this country ten or twelve years and in Bryan three years. He read and spoke English well, and was accumulating some property. He leaves three brothers and one small sister.

Ex-Secretary of State J. W. Madden of Crockett wants to make Senator Culberson the next democratic nominee for president, but geographically speaking, the senior senator from Texas is doubtless enjoying the highest honor that will fall to the lot of any southern man for some years to come.

The Anderson people are working zealously for the building of the Texas Northern. Dr. Fred B. Johnston reports satisfactory arrangements for the steel and rolling stock and says with this arrangement made the people will do the rest.

TO EMPLOY SPIES.

United States Determined to Find Out the Plans of the Filipinos.

Washington, March 25.—The United States government is employing spies to obtain information relative to the plans of the insurgents in the Philippines. Formal recognition of the employment bureau is being made by the army. An appropriation of \$2,400,000 is authorized for incidental expenses.

This provision has created much comment among military attaches of foreign governments in Washington. They admit the universal practice of using spies, but they say it is not customary abroad to acknowledge the fact as openly as the United States does. The war department declines to give any facts concerning the employment of spies but it is admitted that General MacArthur has a secret service that has been of value to the military government in the Philippines.

CHILI WILL RESIST.

Will Oppose Any Steps for Mediation in the Peru-Bolivia Dispute.

New York, March 25.—Chile's purpose to retain possession of the provinces of Tacna and Arica, notwithstanding the protests of Peru and Bolivia, formally acknowledged in an official statement communicated to the United States and other powers, says the Washington correspondent of The Herald. Chile seeks to prevent any intervention on the part of the United States in the South American dispute. Peru and Bolivia are utilizing every channel to bring pressure to bear upon the administration to induce it to take action. The president has definitely decided, however, that he will not take action unless all three powers request it.

Two Vacancies Filled.

Washington, March 25.—The president has appointed Ex-Representative E. W. A. Rodenburg of Illinois, a member of the civil service commission to succeed the late Mark S. Brewer and F. I. Allen of Auburn, N. Y., commissioner of patents to succeed Commissioner Duell, resigned.

RUSSIA EMPHATIC.

Threatens to Break Off Negotiations if Manchuria Treaty Is Rejected.

Peking, March 25.—The time which Russia have given the Chinese to sign the Manchurian agreement expires tomorrow and should the agreement not be signed then Russia will break off negotiations. The agreement practically annexes Manchuria to Russia.

Prince Chin and Li Hung Chang have been consulted but it has not been decided whether to sign the convention or appeal to the powers.

On behalf of China, Li Hung Chang desires to express his gratitude to America for its position in the matter.

The attitude of M. DeGiers, the Russian minister, at the meeting of the foreign ministers is embarrassing and causes considerable annoyance. He refuses to either agree with the other ministers or to hold a part entirely.

A committee will consider the subject of China's ability as regards the indemnity and the most practical methods for guaranteeing the payment of indemnity to the powers.

It is said that the Russian government has consented to a number of modifications in the Manchurian convention, the principal ones being that Kiuchow and Port Arthur shall not be annexed, but shall be leased from the Chinese government as heretofore.

Russia will not insist upon there being a Russian resident at Moukden, the Chinese army will be permitted to maintain order in Manchuria prior to the completion of the Manchurian railway, which, while in the course of construction will not necessarily require the protection of Russian troops.

Russia will forego her demand that mining and railway concessions in Mongolia, Turkestan and Kashgaria shall be granted to none but Russian subjects; Russia stipulates, however, that none but Chinese and Russians shall be allowed to undertake such enterprises.

Methods to Raise Indemnity.

Berlin, March 25.—A dispatch from Peking to the Cologne Gazette says that at the first formal meeting of the committee on indemnity held in Peking Sunday it was decided to invite Sir Robert Hart, director of the Chinese imperial maritime customs, Monsignor Favier, vicar apostolic at Peking and other experts financial persons to submit proposals on the best methods for raising the amount of the indemnity to be demanded from China.

British Troops Assaulted.

Tien Tsin, March 25.—In an affray Sunday evening two members of the Welsh fusiliers' regiment and members of the Victorian contingent acting as policemen, were sabered and bayoneted. It is alleged the Germans were the principal culprits.

MAY REJECT THE GIFT.

The Carnegie Gift for a Library Building May Go Unaccepted.

New Castle, Pa., March 25.—Owing to the attitude of labor unions the city council will, in all probabilities, reject the \$50,000 offer of Andrew Carnegie for a public library for this place. The following action of the Trades Assembly and nine amalgamated Association of Street Railway Employees have adopted a resolution protesting against the acceptance of the gift. A committee to whom the matter had been referred to at a previous meeting reported the following:

"That such donations are inimical to that independence of American manhood is assumed to possess (on general principles) and especially so in this case when such fragrant injustice, even to murder, has been done to those whose toil is represented in every dollar of money thus tendered."

Boers Near Queenstown.

Queenstown, Cape Colony, March 25.—The town guard here have been called out owing to the reports that a force of Boers are near town. Business has been shut down in order to allow employes to man the trenches and forts day and night.

All Peace Negotiations Closed.

London, March 25.—Colonial Secretary Chamberlain when asked in the house of commons if it was possible to change the offer of peace terms to the Boers, said the negotiations were closed and there was no intention to reopen them.

Operators and Miners Agree.

Pittsburg, March 25.—After a conference lasting more than three weeks the operators have conceded to the demands made by the miners in the new wage scale and a fair settlement for Pittsburg district has been effected.

Texas Ranch Syndicate.

Kansas City, March 25.—A syndicate owning 641,000 acres near Panhandle, Tex., including the famous Goodnight ranch, has been organized here with \$2,000,000 capital. Goodnight is at the head.

Italian Killed at Bryan.

Bryan, Tex., March 25.—A young Italian shoemaker named Tony Todaro was shot and killed at his shop here. Rosa Schittino, an Italian girl, has been loaged in jail charged with the shooting.

Nine Killed by Explosion.

Connellsville, Pa., March 25.—Nine men were killed outright and many others were fatally injured in a mine explosion in the New Klondike coal fields near here.

Salisbury's Illness.

London, March 25.—Salisbury's illness is somewhat exaggerated. He is suffering from a slight cold in the head and is better.

"Success is the realization of the estimate which you place upon yourself"

That's why we are so well pleased when people say,—"You Don't Have to Apologize for Riding on the Denver Road!" We knew that we had the handsomest train and most perfect service in the Southwest when we put on those up-to-date Pullmans, modern Coaches and luxurious Cafe-cars. The people have caught on now. The ladies appreciate the extra large dressing-rooms in our sleepers every one is delighted with those new Coaches,—and, it is a veritable joy to take your meals in the Cafe-cars! Because of these advantages, also our much the shortest time, nearly everybody goes to Colorado our way. They enjoy going through without change.

TEXAS LEGISLATURE.

The Adjournment Resolution to Ad-
journ April 9 May Not Go.

TALK OF RESCINDING

Some Members Claim It Can Be Killed
by Majority Vote and Such Ac-
tion Is Probable—Dillard's
Resignation Sensational.

Austin, March 25.—The Texas legis-
lature may not adjourn on April 9 as
the resolution, accepted by the house and
senate, designated. There is a decided
sentiment among the members to rescind
such action and unless bills pending are
disposed of, besides there are many lo-
cal bills that members are interested in
and they are anxious that they be
passed. The opinion prevails that the
adjournment resolution can be rescinded
only by a majority vote and if this rule
is held there is little doubt that this will
be done.

The report in the press report of
Saturday that Judge W. W. Dillard,
representative from Bowie county, had
forwarded his resignation to the gov-
ernor as a member of the legislature,
giving his reason that he was forced to
leave the legislature or else lose his
honor by becoming contaminated with
the crowd of railroad and other cor-
poration lobbyists who are running
things in Austin, has to say the least,
caused a sensation.

Despite opposition to the Galveston
charter bill the house Saturday passed
the measure to engrossment after adopt-
ing the Tarpey's amendment providing
that three of the commissioners shall
be appointed by the governor and two
elected by the people of Galveston.

The bill by Mr. McKnight relieving
the purchasers of school lands in Whar-
ton county from the payment of prin-
cipal and interest for two years was
passed finally.

Mr. Bridgers' bill to reorganize the
Thirty-fourth judicial district was fi-
nally passed.

Mr. Aldrich's bill to provide a more
efficient road system for Houston county
was finally passed.

The following are some of the bills
engrossed:

House bill by Mr. Calhoun providing
a more efficient road system for Nacog-
doches.

House bill by Mr. Talbot providing a
more efficient road system for Wise
county.

House bill by Mr. McNally providing
a more efficient road system for Milam
county.

House bill by Mr. Wells providing a
more efficient road system for Red River
county.

Senate bill to reorganize the Twenty-
seventh, Thirty-third and Thirty-fifth
judicial districts.

Senate bill examining Aransas, Mot-
ley, Dickens and Lipscomb counties
from hide and animal inspection.

House bill by Mr. Schluter putting
Gonzales and Marion counties under
the general road law.

Adjournment Resolution Up Again.

Austin, March 25.—The house this
morning engrossed the bill forbidding
railroads to move a division or repair
shops already established.

A resolution was introduced to re-
scind the April 9 sine die adjournment,
but no action was taken.

The bill preventing cruelty to animals
was engrossed, also a bill providing that
foreign bond and investment companies
doing business in this state may inter-
change cash for securities and vice
versa.

Tragedy Near Rosebud.

Rosebud, Tex., March 25.—In a diffi-
culty at Wilderville, seven miles east of
here, Mack Taylor was shot in the arm
and through the body, just above the
navel, and Cal Hearz, a negro bystander,
was struck in the thigh, receiving a
deep flesh wound, it is supposed by the
same bullet that passed through Taylor's
body. It is reported that Taylor is dy-
ing. J. L. Roll came in and surren-
dered.

Insects Destroying Wheat.

Dallas, March 25.—Reports from sev-
eral localities in north Texas are to the
effect that insects are playing havoc
with the growing wheat, and Oswald
Wilson, special field agent of the divi-
sion of statistics of the United States de-
partment of Agriculture, is here to in-
vestigate them. Some of the reports are
of a very alarming nature, predict-
ing almost total destruction of the
plant.

Conscience Stricken.

Waxahatche, Tex., March 25.—D. Brin
of the Brin Dry Goods company of this
city has received a check from a man
living in Amarillo for \$20, which was in
payment of goods purchased of Mr. Brin
18 years ago, when he was doing busi-
ness in Cleburne. The sender stated
the step was taken on account of and
after hearing Rev. Abe Mulkey's ser-
mon on restitution.

Attempted Suicide.

Chicago, March 25.—George J. Smith
of the George J. Smith Boiler Manu-
facturing company, shot himself at his
home in Chicago Heights, and his
wound is serious. Ill health and busi-
ness troubles the cause.

Steamer Brutus Believed Lost.

Kiel, March 25.—The overdue steam-
er Brutus from Scotland to Kiel is be-
lieved to have been lost with all on
board.

ENDED IN A ROW.

Russians Break up a Meeting That Was
Called to Help Students.

New York, March 25.—A meeting of
Russians was held Sunday night at
which means for aiding the students in
St. Petersburg was considered, was
broken up in wild disorder after a free
fight in which at least half the audience
joined. The hall was filled to the doors
but everything went off smoothly until
a committee was appointed to call a
mass meeting to raise funds for the in-
dignities. Just after the committee was
named some one shouted:

"Down with the spies. Throw them
out." "Kill the spies," chorused a
dozen others.

A man near the door struck a man
near him in the face with his fist. His
victim fell and this seemed to be
the signal for a general scrimmage.
Wild shouts and yells in various lan-
guages were heard and the people in
the audience began an onslaught on
others for no apparent reason. Some
fought with chairs and others with
their fists and the din could have been
heard a block away.

For 10 minutes pandemonium reigned.
Noncombatants, among whom they were
a few, stood on the seats until they
were jostled down.

"Down with the spies," shouted a
voice, and three or four people were
promptly thrown down the stairs.

One or two others shouted "police,"
and announced that they were going
for policemen. This quieted the people,
the fight stopped and a stampede from
the hall followed.

Though many were bleeding about
the face, none were seriously hurt and
there were no arrests.

RICE WILL CONTEST.

Surrogate Fitzgerald Has Fixed Monday
Week for the Hearing.

New York, March 25.—Surrogate Fitz-
gerald has fixed Monday, April 8 for the
trial of the contest of the will of the
late millionaire, William Marsh Rice.

Albert T. Patrick, the lawyer, who
drew one of the wills in which he is the
principal beneficiary, is still in the
Tomb awaiting trial on a charge of
murdering the aged millionaire. The
lawyers engaged in the contest include
some of the foremost members of the
New York bar. Some of them declined
all retainers for the ensuing six months.

This gives an indication of the anti-
cipated duration of the trial. The cost
will be enormous, for among the law-
yers retained are William B. Hornblow-
er, representing John D. Bartine and
executors of the first will; Julian T.

Davies and Joseph Auerbach, of Davies,
Stone & Auerbach, representing various
heirs; Max E. Harby and Isaac Sarg-
ent, of Logan, Demond & Harby, rep-
resenting Albert T. Patrick; Ward, Hay-
den & Satterlee, representing Sherlock

S. McKee, one of the Rice heirs; En-
geline I. Bushe, representing Nina B.
Rice, 14 years old, one of the heirs; De-
laney Nicoll, representing Frederick
Rice and other heirs; James B. Carroll
and Redmond Kendrick, representing
Rice heirs in Springfield, Mass., and
John M. Bows, representing the Rice
heirs.

PRESIDENT'S TRIP.

Secretary Cortelyou Has Not Yet Com-
pleted the Full Programme.

Washington, March 25.—Mr. Cortel-
you, secretary to the president, proba-
bly will have the itinerary of the
presidential trip to the Pacific coast
completed in a few days. He has been
working on it with the assistance of
railroad men for more than a week.

No definite details of the itinerary will
be given until the work is finished,
further than that the president and his
cabinet will go to California by the
Southern route making the first long
stop at New Orleans about May 2 or 3,
and return by the northern route and
visit the Pan American exposition at
Buffalo on coming back to Washington.
President McKinley and his cabinet
will be accompanied by their wives and
other members of the family.

A second section of the president's
train going to California will carry
nearly all the members of the Ohio de-
legation in congress and other distin-
guished Ohioans, including Governor
Nash, who go to the launching of the
battleship Ohio at the Union Iron
Works, which built the battleship Ore-
gon. Senator Hanna will be unable
to go.

Superintendent Peck Resigns.

St. Louis, March 25.—General Super-
intendent E. A. Peck of the St. Louis,
Iron Mountain and Southern railway,
with headquarters in this city, has
tendered his resignation and it has
been accepted. The resignation takes
effect April 1, and Mr. Peck will be suc-
ceeded at that date by J. M. Harbert,
superintendent of the Missouri and Colo-
rado lines of the Missouri Pacific, with
headquarters at Osawatomie, Kas.

Floods in Spain.

Granada, Spain, March 25.—Several
towns in the province of Granada are
inundated and floods are doing great
damage. Part of the crop is ruined,
many cattle perished and a number of
houses collapsed. At Illora, 22 miles
northwest of Granada, half of the town
is surrounded by water and some houses
have fallen. At Granada a girl was
killed.

Fell From Third Story.

Boston, March 25.—Edward W. Hoop-
er, former treasurer of Harvard college,
and a lawyer in this city, fell from the
third story of his residence on Beacon
street Sunday night and received seri-
ous, though it is believed not fatal in-
juries. How the accident happened no
one knows.
